

Stripe Definition

New	Payment method is ready to begin the onboarding process, not yet started.
Merchant account created	The initial stripe information has been gathered/started, need to finish process by adding bank information.
Activation request sent	Club has successfully onboarded, request to activate payment method sent to SportLoMo.
Bank account created	SportLoMo has set the payment method to a holding status of bank account created to acknowledge they are ready to be set active (money does not yet flow).
Active	Money will flow via stripe account (Paysafe needs to be suspended in correspondence to this status).
